

## NEXT PACT MEETING IS IN CHEW STOKE

The next Partners and Communities Together (PACT) meeting for the Chew Valley is to be held at The Methodist Hall, Chapel Lane, Chew Stoke on Wednesday, 22<sup>nd</sup> February at 7 p.m.

Both the Police and Council officials attend the PACT meeting. It is an open meeting and is an ideal opportunity for members of the public to raise any concerns that they may have about community safety etc.

The most popular topics selected by the public during the meeting are given to the Police and the Council who will tackle them and report back at the next meeting.

At the meeting in October the priorities agreed were:

1. Speed of vehicles and weight limit issues through Stowey
2. Speeding through Ubley Village
3. Review of the B3130 / A37 junction at the top of Pensford Hill
4. Litter in Whitchurch village especially after rubbish collection days

At the Chew Stoke meeting the Police and B&NES will report on what action they have taken on all these priorities.

If you have any burning Community Safety issues which you would like tackled please come along.
