

CLERKS REPORT FOR MARCH 2011 MEETING

1. Highways

I have reported several potholes and other Items this month as follows:

1. Junction of Chapel Lane onto Walley Court Road
2. Various in and around Pilgrims Way/Scot Lane
3. Kerb Stones at Webbs Mead

Highways have reported back to me that the above are on their register to be done however they are working through a backlog at the moment so cannot tell us when the above items will be sorted out.

2. Village of the Year

I have informed Hugo that we are entering the competition again this year and could he assist with ensuring the village is kept tidy as he did last year.

3. Elections

I have informed BANES that several Councillors could be away approaching the election and have requested forms be sent to me at their earliest opportunity.

4. Bench for Rectory Field

I have ordered a Brown Pheonix bench like the others we have in the village but this one will have arms. We will need to arrange to have a concrete surface constructed before the bench can be installed.
